STUDIO universal microphone stand

Microphones

- New product

Universal microphone stand for wireless and cable microphones.

Specifications:

• Folding tripod with mini telescopic boom to adjust the height of your microphone.
• Stable, lightweight (2.5 kg) and easy to store and transport (88,5 cm folded).
• Locking rings and rubber feed for optimum handling and installation.
• Height adjustable from 92 cm to 165 cm.
• Length of the mini boom: 54 cm.
• Standard 15 mm dia. thread.
• Microphone and clip not supplied.

To set up your microphone, we recommend using the T'nB microphone clip ref ACDI033647 (for a microphone with a maximum diameter of 35 mm) or the T'nB microphone support ACDI033630 (for a microphone of 22 to 25 mm in diameter).

Colour: Chrome
